Will a scale back be applied if the offer is over-subscribed?

Yes

Describe the scale back arrangements

If the total amount of applications for Additional Shares is greater than the amount of the available shortfall, then those applications will be scaled back on a pro rata basis (i.e. the proportion the Eligible Shareholders shareholding represents of the total shareholding of all Eligible Shareholders that have lodged an application for Additional Shares).

Will these +securities rank equally in all respects from their issue date with the existing issued +securities in that class?
